Article 5:

Voted:

To raise and appropriate the sum of One Hundred Dollars for the benefit of the Etna Fire Association.

Article 6—Report of Building Committee:

March 12, 1929

In accordance with the vote at the last meeting, a Municipal Building Committee consisting of Adelbert Ames,

Jr., Harvey N. Camp, Alfred W. Guyer, Adna D. Storrs and Francis J. A. Neef Chairman was appointed on March 29, 1928. This committee immediately proceeded to carry out the instructions of the Town in general conformity with the plans submitted by the previous committee on a Municipal Building.

The Service Building on the site chosen and purchased by the Selectmen is nearing completion and will be ready for occupancy on May 1. Instead of presenting a detailed description your committee invites those interested to inspect the building at the close of this meeting. It is sufficiently advanced in construction, so that a fairly complete picture of the ultimate appearance of the interior may be gained at this time.

The cost of the project will be approximately as follows:

Site purchased by Selectmen,	\$27,500.00
Municipal Building, including heating, plumbing and architects' fees, electric wiring and fixtures,	50,011.09
Moving fire alarm system; grading sidewalks and drive; equipment and furnishings, etc.,	5,256.00
Municipal apartments; moving and re- modeling,	6,616.56
Total,	<hr/> \$89,383.65

This total is about \$9,000.00 in excess of the appropriation of \$80,000.00 voted at the last meeting. In the estimates of the previous Municipal Building Committee, upon which the vote of the town was based, approximately \$50,000.00 was allowed for the building, \$10,000.00 for equipment, etc. and \$20,000.00 for the site. When the plans were completed and bids received it was evident that the original estimates for the Municipal Building for equipment, etc., and for the moving and remodeling of the old Episcopal Rectory could

not be reduced, but would remain as figured, namely about \$60,000.00.

Inasmuch as the Selectmen were obliged to pay \$27,500.00, that is \$7,500 more than the amount allowed in the original estimate for a satisfactory site, it was therefore obvious that the project could not be completed within the appropriation of \$80,000.00.

Your Committee, therefore, consulted with voters of the town and the opinion was unanimous that it would be unwise to postpone the construction of the Municipal Service Building and that the Committee, in view of the favorable bids, should proceed immediately with the projected plans. In fact a group of public-spirited citizens offered to guarantee the excess until such a time that the town would appropriate the necessary funds.

Your committee wishes to draw attention to the fact that the old Episcopal Rectory was not only moved to the new site but was also completely remodeled into a two-family apartment house consisting of one five-room and one eight-room tenement. The plumbing has been renovated entirely and a new heating plant installed.

Your committee welcomes any inquiries concerning matters of detail which may be of interest to the voters of the town. In order to bring this matter formally before the meeting for discussion, the committee offers the following motion:

Voted:

That for the purpose of raising money to complete the construction and equipment of the Hanover Municipal Building and Apartments, and for other expenses in connection therewith, the Board of Selectmen of the Town of Hanover, N. H., be, and they are authorized to borrow, in addition to the sum of eighty thousand (\$80,000) Dollars already authorized, the sum of nine thousand (\$9,000) Dollars, or such part thereof as in their judgment may be necessary, on notes or bonds of the Town of Hanover,

N. H., and to execute any documents in connection therewith; full discretion as to fixing the time and place of payment and the rate of interest of said securities and any other details in connection therewith is hereby delegated to the said Board of Selectmen.

A vote being taken upon the foregoing motion, it was decided in the affirmative.

Upon Motion:

Voted:

That the Selectmen of the Town of Hanover, N. H., be, and they are hereby authorized to sell to the Village Precinct of Hanover, N. H., the tract of land with the buildings thereon, situated on South Main Street and owned by the Town of Hanover, N. H., for an amount of money which will be sufficient to discharge all obligations which at the time of sale the said Town of Hanover has incurred for such tract of land and buildings. The buildings referred to are known as the Hanover Municipal Building and Apartments. The Selectmen are authorized to execute any and all documents necessary in connection therewith.

Upon Motion:

Voted:

That the Selectmen of the Town of Hanover, N. H., be empowered to lease the whole or any part of Hanover Municipal Building and Apartments on such terms as the Selectmen may deem advisable.

Upon Motion:

Voted:

To raise and appropriate the sum of Fifty Dollars for the benefit of the Town Library.

Upon Motion:

Voted:

That the Selectmen be authorized to borrow such sums of money as may be necessary to meet the Town's obliga-

tions until the taxes have been collected and paid into the Treasury.

Upon Motion:

Voted:

To pass over the ninth article in the warrant.

Upon Motion:

Voted:

That upon all taxes upon real and personal property a discount of five per cent be allowed the taxpayer if paid on or before July 15th, 1929 and a discount of two percent be allowed the taxpayer if paid on or before October 15, 1929.

Upon Motion:

Voted:

To adjourn.

GEORGE M. BRIDGMAN,
Town Clerk.

Books bought by the treasurer number about 132. By request of the teachers of the town schools and arrangement with the librarian, thirty books,—more or less,—were selected especially for use in prescribed courses of reading by pupils of the various grades. In general a considerable proportion of all the books purchased have been chosen in the interest of the young folks. In fact this proportion has been increasing during several preceding years. From the readers in general, whether older or younger, the demand for fiction prevails, rather than for the more instructive and matter-of-fact quality of literature. The greater part of the mass of books now offered to,—indeed almost thrown at,—the public

has so little worth as literature,—being not only trashy but often very much worse, that the task of sifting and choosing what is wholesome and self-improving is not easy.

Right here the trustees have been favored by the advice and active cooperation of Miss Kingsland, librarian of the Howe library. Her experience and knowledge of books have afforded welcome aid in choosing that which is suitable, either for entertainment or instruction; at the same time having regard to getting the most and the best from the limited funds which the voters allow us. A system of loans of books in small lots from the Howe library to readers in Hanover Center indicates what is possible as an extension of the facilities offered by said library for the benefit of more distant readers.

Attention should be called to the periodicals received by the library. The Hanover Gazette, of course, has interest only week by week. The National Republic Monthly has been reported as merely placed on file. But its value should be recognized by both old and young as a medium of instruction in American History and Biography, a promoter of love of country, and as presenting the romance and hard facts in the development of these United States. Really it should be in every family, as a means of making better Americans. It is published in Washington, D. C., by those in close contact with the departments of our national government. St. Nicholas magazine and Child Life serve the young people especially. To these have been added lately the weekly Literary Digest, requested by the teachers as an aid to pupils in making reports on current events. Finally the American Nature Magazine, also published in Washington, a monthly which gives authoritative instruction and information for old and young about the world of Nature out of doors. This is made more to the purpose by a wealth of high class illustrations.

After faithful service of nineteen years Mrs. Nettie J. Praddex retired as librarian. We may recall right here that the library building was completed in 1906 at a total cost of about \$4,000. It was built from the proceeds of the sale of

the town farm to the Hanover Water Works Co., for the sum of \$4,500. The balance of about \$500 was held as a fund for maintenance. Mr. Thos. W. Praddex served as librarian to and including 1910. Mrs. Praddex has been in charge until October, 1929. It is noteworthy that the construction of the building was so thoroughly done, under close supervision, that repairs have been quite negligible, probably within \$100 altogether.

ADNA L. CAMP,
MRS. E. F. EMERSON,
Trustees.

AUDITORS' REPORT

We have examined the foregoing accounts of the selectmen, town treasurer, collector of taxes, town clerk, judge of the municipal court, and the treasurer of the town library, and find them correct and all disbursements supported by proper vouchers.

The accounts of the trustees of trust funds having been kept by one of the auditors have been examined by Archie M. Peisch and found correct and the assets in the hands of the treasurer of the trustees as stated.

ARCHIE M. PEISCH,

FOREST FIRE WARDEN, 1929

The forest fire season for 1929 will go down in the history of New Hampshire, and for that matter of the country as a whole, as a period characterized by the severe drought experienced almost without appreciable let-up throughout the year. As a consequence, forest fire danger was a thing of the moment all of the time. Only one small grass fire for the year shows that the people at home and those traveling are becoming fire-minded, which is very much appreciated by the State Forestry Department and the local warden. Let us keep up this vigil against forest fires one and all of us.

J. WALTER FERSON,

Forest Fire Warden.

VITAL STATISTICS

To the Selectmen :

In compliance with an act of the legislature passed June session, 1887, requiring clerks of towns and cities to furnish a transcript of the record of births, marriages and deaths to the municipal officers for publication in the annual town report, I hereby submit the following.

Respectfully,

GEORGE M. BRIDGMAN,

Town Clerk.

EXPLANATION REGARDING STATISTICS

The following statistics include the births and deaths occurring in the Mary Hitchcock Memorial Hospital during 1929 which do not properly belong to the town. One hundred and thirty-nine births from mothers from other towns and seventy-three persons from other towns died there. Taking these from the numbers given in the tables, the record for Hanover would be fifty-one births and twenty-five deaths.
